

About Natasha Daniels

Natasha Daniels, is the leader and founder of the singing group Worshippers Unplugged. She is known for igniting a passion in people to experience the fullness of God. Her infectious praise and worship creates an atmosphere of freedom and deliverance for all and is built on the notion that worship is submitting to God; while presenting a lifestyle to Him that mirrors Heaven right here on Earth. It is her hope that when she ministers in song, people will have a repenting heart. And like in Exodus 33:15, she believes strongly that without the mark of the Lord, how will anyone know who sent her.
