**W**endi Hayman is an author, publisher, entrepreneur, and mother. She is called to impact and inspire others as a voice of purpose. Her story is a long and winding road from the pole, to the pew, to God's purpose for her life. For many years, Wendi lived with guilt and embarrassment of past experiences as a stripper and music video girl, and would not share her story with anyone. After finding freedom in Christ, she emerged out of hiding and moved forward beyond her past to empower women around the globe. Wendi is a creative powerhouse, who uses her passions to help others to be free from the guilt and shame of their past mistakes. As a speaker, author, and ghostwriter, Wendi works closely with ministry leaders, aspiring authors, and mission-driven entrepreneurs in a variety of ways.
